edition 2 of the Bryan Island NTS map sheet number 106 O/1, produced at a scale of 1:50,000;

An unnamed island at approximate latitude 67E10'00"N and approximate longitude 130E18'00"W;

and containing 1.3 square kilometres (approximately 0.5 square miles).

PARCEL 4

In the Northwest Territories;  
in the District of Mackenzie;

All that parcel of land being an island in the Mackenzie River more particularly described as follows, all topographic features hereinafter referred to being according to:

edition 2 of the Bryan Island NTS map sheet number 106 O/1, produced at a scale of 1:50,000;

An unnamed island at approximate latitude 67E09'30"N and approximate longitude 130E17'30"W;

and containing 0.8 square kilometres (approximately 0.3 square miles).

## PARCEL 5

In the Northwest Territories;  
in the District of Mackenzie;

All that parcel of land more particularly described as follows, all topographic features hereinafter referred to being according to:

- edition 1 of the Payne Creek NTS map sheet number 106 I/13, produced at a scale of 1:50,000;
- edition 1 of the Gossage River NTS map sheet number 106 J/16, produced at a scale of 1:50,000;
- edition 2 of the Bryan Island NTS map sheet number 106 O/1, produced at a scale of 1:50,000;
- edition 2 of the unnamed NTS map sheet number 106 O/8, produced at a scale of 1:50,000;
- edition 1 of the unnamed NTS map sheet number 106 P/4, produced at a scale of 1:50,000;

Commencing at the point of intersection of the east bank of the Mackenzie River with the south bank of an unnamed stream at approximate latitude 67E16'10"N and approximate longitude 130E19'23"W;

thence easterly along the bank of said stream to a point situated due south from the intersection of the north bank of said stream with the southeasterly bank of another unnamed stream, said point being situated at approximate latitude 67E15'13"N and approximate longitude 130E13'21"W;

thence due north in a straight line to said point of intersection;

thence northeasterly along the southeasterly bank of said stream and chain of lakes to its intersection with latitude 67E16'00"N at approximate longitude 130E10'38"W;

thence east in a straight line to the intersection of said latitude with the southwest bank of an unnamed stream at approximate longitude 130E03'40"W;

thence southeasterly along the bank of said stream to its intersection with the west bank of Tutsieta Lake at approximate latitude 67E15'53"N and approximate longitude 130E02'48"W;

thence southeasterly along the bank of said lake to its intersection with the west bank of an unnamed stream at approximate latitude 67E14'34"N and approximate longitude 129E57'09"W;

thence southeasterly along the bank of said stream to its intersection with longitude 129E57'00"W at approximate latitude 67E14'13"N;

thence south in a straight line to the intersection of said longitude with the southwest bank of an unnamed stream at approximate latitude 67E13'20"N;

thence southerly along the bank of said stream to its intersection with the west bank of an unnamed lake at approximate latitude 67E13'00"N and approximate longitude 129E56'23"W;

thence southerly and easterly along the bank of said lake to its intersection with longitude 129E55'00"W at approximate latitude 67E12'44"N;

thence south in a straight line to the intersection of said longitude with the south bank of an unnamed stream at approximate latitude 66E53'04"N, excepting therefrom the bed of any lake being intersected by said longitude;

thence southeasterly and southerly along bank of said stream and chain of lakes to its intersection with latitude 66E51'30"N at approximate longitude 129E52'10"W;

thence west in a straight line to the intersection of said latitude with the west bank of an unnamed stream at approximate longitude 129E53'03"W;

thence southerly and southwesterly along the bank of said stream to its intersection with the east bank of the Mackenzie River at approximate latitude 66E47'15"N and approximate longitude 129E59'08"W;

thence northerly along the bank of said river to the point of commencement;

excluding therefrom parcel M3 as described in Schedule III; and

excluding therefrom the parcels of land described as reserves 106J16002, 106J16005, 106J16010, 106J16011, 106J16013, 106J16014, 106O01007, 106O01008, 106O011009, and 106O01012 on file with the Land Resources Division, DIAND in Yellowknife;

subject to the conditions outlined in Schedule XVII, Appendix E;

and containing 565.9 square kilometres (approximately 218.5 square miles).

## PARCEL 6

In the Northwest Territories;  
in the District of Mackenzie;

All that parcel of land more particularly described as follows, all topographic features hereinafter referred to being according to:

edition 1 of the unnamed NTS map sheet number 106 J/14, produced at a scale of 1:50,000;

edition 1 of the unnamed NTS map sheet number 106 J/15, produced at a scale of 1:50,000;

edition 1 of the unnamed NTS map sheet number 106 O/2, produced at a scale of 1:50,000;

edition 1 of the unnamed NTS map sheet number 106 O/3, produced at a scale of 1:50,000;

Commencing at the point of intersection of a line perpendicularly distant 30.48 metres southeast of the southeast boundary of the Gwich'in Settlement Area with longitude 130E59'15"W at approximate latitude 67E02'09"N;

thence south in a straight line to the intersection of said longitude with the north bank of an unnamed lake at approximate latitude 67E02'00"N;

thence westerly and southerly along the bank of said lake to its intersection with the west bank of an unnamed stream at approximate latitude 67E01'53"N and approximate longitude 130E59'14"W;

thence southerly along the bank of said stream and chain of lakes to its intersection with the north bank of an unnamed lake at approximate latitude 67E00'18"N and approximate longitude 131E57'42"W;

thence southerly and northeasterly along the bank of said lake to its intersection with latitude 67E00'00"N at approximate longitude 130E57'30"W;

thence east in a straight line to the intersection of said latitude with the west bank of an unnamed lake at approximate longitude 130E54'48"W;

thence southerly and easterly along the bank of said lake to its intersection with the west bank of the most easterly unnamed stream at approximate latitude 66E59'37"N and approximate longitude 130E54'42"W;

thence southerly and easterly along the bank of said stream and lake to its intersection with the west bank of Gossage River at approximate latitude 66E59'25"N and approximate longitude 130E54'48"W;

thence southerly along the bank of said river to its intersection with the northwest limit of a seismic line, said limit being perpendicularly distant 5 metres northwest of the centre line of said seismic line, at approximate latitude 66E59'00"N and approximate longitude 130E54'15"W;

thence southwesterly along the limit of said seismic line to its intersection with the north limit of another seismic line, said limit being perpendicularly distant 5 metres north of the centre line of said seismic line, at approximate latitude 66E58'30"N and approximate longitude 130E58'15"W;

thence westerly along the limit of said seismic line to its intersection with longitude 131E05'37.5"W at approximate latitude 66E58'20"N;

thence north in a straight line to the intersection of said longitude with the north limit of Grid Area 67E00'N, 131E00'W, all grid areas being according to the Canada Oil and Gas Land Regulations;

thence west to the intersection of said limit with a line perpendicularly distant 30.48 metres southeast of the southeast boundary of the Gwich'in Settlement Area at approximate longitude 131E12'00"W;

thence northeasterly along the said line to the point of commencement, excepting therefrom the bed of any lake being intersected by said line;

and containing 42.7 square kilometres (approximately 16.5 square miles).

## PARCEL 7

In the Northwest Territories;  
in the District of Mackenzie;

All that parcel of land more particularly described as follows, all topographic features hereinafter referred to being according to:

edition 1 of the unnamed NTS map sheet number 106 J/14, produced at a scale of 1:50,000;

Commencing at the point of intersection of the south limit of a seismic line, said limit being perpendicularly distant 5 metres south of the centre line of said seismic line, with longitude 131E13'07.5"W at approximate latitude 66E52'52"N;

thence south in a straight line to the intersection of said longitude with the north limit of a seismic line, said limit being perpendicularly distant 5 metres north of the centre line of said seismic line, at approximate latitude 66E50'58"N;

thence west along the limit of said seismic line to its intersection with longitude 131E17'12"W at approximate latitude 66E50'55"N;

thence north in a straight line to the intersection of said longitude with the southeast limit of a seismic line, said limit being perpendicularly distant 5 metres southeast of the centre line of said seismic line, at approximate latitude 66E52'35"N;

thence northeasterly along the limit of said seismic line to its intersection with the south limit of another seismic line, said limit being perpendicularly distant 5 metres south of the centre line of said seismic line, at approximate latitude 66E52'53"N and approximate longitude 131E17'00"W;

thence east along the limit of said seismic line to point of commencement;

and containing 12.2 square kilometres (approximately 4.7 square miles).

## PARCEL 8

In the Northwest Territories;  
in the District of Mackenzie;

All that parcel of land more particularly described as follows, all topographic features hereinafter referred to being according to:

edition 1 of the unnamed NTS map sheet number 106 J/14, produced at a scale of 1:50,000;

edition 1 of the unnamed NTS map sheet number 106 J/15, produced at a scale of 1:50,000;

Commencing at the point of intersection of the south limit and the northwest limit of two seismic lines, said limits being perpendicularly distant 5 metres south and 5 metres northwest respectively of the centre line of said seismic lines, at approximate latitude 66E54'59"N and at approximate longitude 130E59'48"W;

thence southwesterly along the northwest limit of said seismic line to its intersection with the north bank of an unnamed stream at approximate latitude 66E51'19"N and approximate longitude 131E03'45"W;

thence westerly along the bank of said stream to its intersection with longitude 131E05'37.5"W at approximate latitude 66E51'30"N;

thence north in a straight line to the intersection of said longitude with the south limit of a seismic line, said limit being perpendicularly distant 5 metres south of the centre line of said seismic line, at approximate latitude 66E54'35"N;

thence easterly along the limit of said seismic line to the point of commencement;

and containing 17.9 square kilometres (approximately 6.9 square miles).

## PARCEL 9

In the Northwest Territories;  
in the District of Mackenzie;

All that parcel of land more particularly described as follows, all topographic features hereinafter referred to being according to:

edition 1 of the unnamed NTS map sheet number 106 J/10, produced at a scale of 1:50,000;

edition 1 of the unnamed NTS map sheet number 106 J/15, produced at a scale of 1:50,000;

edition 1 of the Gossage River NTS map sheet number 106, J/16 produced at a scale of 1:50,000;

Commencing at the point of intersection of the southwest bank of an unnamed stream with latitude 66E53'20"N at approximate longitude 130E30'45"W;

thence southerly along the bank of said stream to its intersection with the northwest bank of an unnamed stream at approximate latitude 66E52'34"N and approximate longitude 130E29'23"W;

thence southeasterly along the bank of said stream to its intersection with the west bank of an unnamed stream at approximate latitude 66E52'29"N and approximate longitude 130E28'50"W;

thence southerly along the bank of said stream to its intersection with the north bank of an unnamed lake at approximate latitude 66E50'45"N and approximate longitude 130E28'40"W;

thence southerly and easterly along the bank of said lake to its intersection with longitude 130E28'45"W at approximate latitude 66E50'15"N;

thence south in a straight line to the intersection of said longitude with the northwest bank of an unnamed stream at approximate latitude 66E49'49"N;

thence southerly along the bank of said stream and the bank of an unnamed lake to its intersection with the northwest bank of another unnamed stream at approximate latitude 66E47'05"N and approximate longitude 130E28'45"W;

thence southwesterly along the bank of said stream and chain of lakes to its intersection with the east bank of an unnamed lake at approximate latitude 66E45'50"N and approximate longitude 130E32'20"W;

thence northerly, westerly and southeasterly along the bank of said lake to its intersection with the southwest bank of an unnamed stream at approximate latitude 66E45'45"N and approximate longitude 130E32'20"W;

thence southerly and westerly along the bank of said stream and chain of lakes to its intersection with the northwest limit of a seismic line, said limit being perpendicularly distant 5 metres northwest of the centre line of said seismic line, at approximate latitude 66E45'35"N and approximate longitude 130E36'10"W;

thence southwesterly along the limit of said seismic line to its intersection with the northeast limit of another seismic line, said limit being perpendicularly distant 5 metres northeast of the centre line of said seismic line, at approximate latitude 66E43'57"N and approximate longitude 130E38'49"W;

thence northwesterly along the limit of said seismic line to its intersection with the southeast limit of another seismic line, said limit being perpendicularly distant 5 metres southeast of the centre line of said seismic line, at approximate latitude 66E46'06"N and longitude 130E44'15"W;

thence northeasterly along the limit of said seismic line to its intersection with longitude 130E38'40"W at approximate latitude 66E50'15"N;

thence north in a straight line to the intersection of said longitude with the southeast bank of an unnamed stream at approximate latitude 66E52'37"N;

thence northeasterly along the bank of said stream and chain of lakes to its intersection with latitude 66E53'20"N at approximate longitude 130E35'35"W;

thence easterly in a straight line to the point of commencement;

and containing 123.8 square kilometres (approximately 47.8 square miles).

## PARCEL 10

In the Northwest Territories;  
in the District of Mackenzie;

All that parcel of land more particularly described as follows, all topographic features hereinafter referred to being according to:

edition 1 of the Gossage River NTS map sheet number 106 J16, produced at a scale of 1:50,000;

Commencing at the point of intersection of the southeast bank of an unnamed stream with the west bank of the Mackenzie River at approximate latitude 66E59'30"N and approximate longitude 130E15'56"W;

thence southerly along the bank of the said river to its intersection with latitude 66E49'24"N at approximate longitude 130E10'34"W;

thence west in a straight line to the intersection of said latitude with the east bank of an unnamed lake at approximate longitude 130E11'45"W;

thence northerly along the bank of said lake to its intersection with longitude 130E11'55"W at approximate latitude 66E49'34"N;

thence north in a straight line to the intersection of said longitude with the south bank of an unnamed lake at approximate latitude 66E49'55"W;

thence easterly and northerly along the bank of said lake, and continuing along the east bank of an unnamed stream and chain of lakes to its intersection with latitude 66E51'55"W at approximate longitude 130E13'37"N;

thence west in a straight line to the intersection of said latitude with the east bank of an unnamed lake at approximate longitude 130E14'22"W;

thence northwesterly in a straight line to the intersection with the east bank of an unnamed stream at approximate latitude 66E54'27"W and approximate longitude 130E17'00"W;

thence northerly along the bank of said stream and chain of lakes to the point of commencement;

excluding therefrom the parcels of land described as reserves 106J16003, 106J16009 and 106J16012 on file with the Land Resources Division, DIAND in Yellowknife;

and containing 45.8 square kilometres (approximately 17.7 square miles).

PARCEL 11

In the Northwest Territories;  
in the District of Mackenzie;

All that parcel of land being an island in the Mackenzie River more particularly described as follows, all topographic features hereinafter referred to being according to:

edition 1 of the Gossage River NTS map sheet number 106 J/16, produced at a scale of 1:50,000;

An unnamed island at approximate latitude 66E51'30"N and approximate longitude 130E09'30"W;

and containing 1.6 square kilometres (approximately 0.6 square miles).

PARCEL 12

In the Northwest Territories;

All that parcel of land being an island in the Mackenzie River more particularly described as follows, all topographic features hereinafter referred to being according to:

edition 1 of the Gossage River NTS map sheet number 106 J/16, produced at a scale of 1:50,000;

An unnamed island at approximate latitude 66E50'00"N and approximate longitude 130E09'00"W;

and containing 7.8 square kilometres (approximately 3.0 square miles).

PARCEL 13

In the Northwest Territories;  
in the District of Mackenzie;

All that parcel of land being an island in the Mackenzie River more particularly described as follows, all topographic features hereinafter referred to being according to:

edition 1 of the Gossage River NTS map sheet number 106 J/16, produced at a scale of 1:50,000;

An unnamed island at approximate latitude 66E50'00"N and approximate longitude 130E07'00"W;

and containing 3.1 square kilometres (approximately 1.2 square miles).

## PARCEL 14

In the Northwest Territories;  
in the District of Mackenzie;

All that parcel of land more particularly described as follows, all topographic features hereinafter referred to being according to:

edition 1 of the unnamed NTS map sheet number 106 I/5, produced at a scale of 1:50,000;

edition 1 of the Gillis River sheet number 106 I/12, produced at a scale of 1:50,000;

edition 1 of the unnamed NTS map sheet number 106 J/8, produced at a scale of 1:50,000;

edition 1 of the unnamed NTS map sheet number 106 J/9, produced at a scale of 1:50,000;

Commencing at the point of intersection of the southeast limit and the southwest limit of two seismic lines, said limits being perpendicularly distant 5 metres southeast and 5 metres southwest respectively of the centre line of the said seismic lines, at approximate latitude 66E37'05"N and approximate longitude 130E05'24"W;

thence southeasterly along the limit of said seismic line to its intersection with the northwest limit of another seismic line, said limit being perpendicularly distant 5 metres northwest of the centre line of said seismic line, at approximate latitude 66E33'22"N and approximate longitude 129E48'41"W;

thence southwesterly along the limit of said seismic line to its intersection with the north bank of an unnamed lake at approximate latitude 66E32'36"N and approximate longitude 129E49'45"W;

thence westerly and southerly along the bank of said lake to its intersection with the northwest limit of a seismic line, said limit being perpendicularly distant 5 metres northwest of the centre line of said seismic line, at approximate latitude 66E32'31"N and approximate longitude 129E49'54"W;

thence southwesterly along the limit of the said seismic line to its intersection with the north bank of an unnamed lake at approximate latitude 66E32'08"N and approximate longitude 129E50'26"W;

thence westerly, southerly and easterly along the bank of said lake to its intersection with the northwest limit of a seismic line, said limit being perpendicularly distant 5 metres northwest of the centre line of said seismic line, at approximate latitude 66E31'55"N and approximate longitude 129E50'55"W;

thence southwesterly along the limit of said seismic line to its intersection with the southwest limit of another seismic line, said limit being perpendicularly distant 5 metres southwest of the centre line of said seismic line, at approximate latitude 66E30'00"N and approximate longitude 129E53'26"W;

thence southeasterly along the limit of said seismic line to its intersection with the northwest limit of another seismic line, said limit being perpendicularly distant 5 metres northwest of the centre line of said seismic line, at approximate latitude 66E29'54"N and approximate longitude 129E52'54"W;

thence southwesterly along the limit of said seismic line to its intersection with the northeast limit of another seismic line, said limit being perpendicularly distant 5 metres northeast of the centre line of said seismic line, at approximate latitude 66E25'58"N and approximate longitude 129E58'04"W;

thence northwesterly along the limit of said seismic line to its intersection with longitude 130E04'45"W at approximate latitude 66E27'10"N;

thence north in a straight line to the intersection of said longitude with the northeast limit of a seismic line, said limit being perpendicularly distant 5 metres northeast of the centre line of said seismic line, at approximate latitude 66E27'28"N;

thence northwesterly along the limit of said seismic line to its intersection with the southeast bank of an unnamed lake at approximate latitude 66E29'09"N and approximate longitude 130E13'12"W;

thence northwesterly along the bank of said lake to its intersection with the northeast limit of a seismic line, said limit being perpendicularly distant 5 metres northeast of the centre line of said seismic line, at approximate latitude 66E29'14"N and approximate longitude 130E13'28"W;

thence northwesterly along the limit of said seismic line to its intersection with the southeast limit of another seismic line, said limit being perpendicularly distant 5 metres southeast of the centre line of said seismic line, at approximate latitude 66E29'54"N and approximate longitude 130E16'46"W;

thence northeasterly along the limit of said seismic line to its intersection with the south bank of an unnamed lake at approximate latitude 66E31'20"N and approximate longitude 130E14'40"W;

thence easterly and northerly along the bank of said lake to its intersection with the southeast limit of a seismic line, said limit being perpendicularly distant 5 metres southeast of the centre line of said seismic line, at approximate latitude 66E31'24"N and approximate longitude 130E14'32"W;

thence northeasterly along the limit of said seismic line to its intersection with the west bank of an unnamed lake at approximate latitude 66E31'45"N and approximate longitude 130E14'00"W;

thence easterly and northerly along the bank of said lake to its intersection with the southeast limit of a seismic line, said limit being perpendicularly distant 5 metres southeast of the centre line of said seismic line, at approximate latitude 66E31'49"N and approximate longitude 130E13'54"W;

thence northeasterly along the limit of said seismic line to its intersection with the southwest bank of an unnamed lake at approximate latitude 66E34'32"N and approximate longitude 130E09'45"W;

thence southeasterly and northwesterly along the bank of said lake to its intersection with the southeast limit of a seismic line, said limit being perpendicularly distant 5 metres southeast of the centre line of said seismic line, at approximate latitude 66E34'32"N and approximate longitude 130E09'32"W;

thence northeasterly along the said limit of said seismic line to the point of commencement;

excluding therefrom parcel M6 as described in Schedule III;

and containing 203.8 square kilometres (approximately 78.7 square miles).

PARCEL 15

In the Northwest Territories;  
in the District of Mackenzie;

All that parcel of land being an island in the Mackenzie River more particularly described as follows, all topographic features hereinafter referred to being according to:

edition 1 of the Tieda River NTS map sheet number 106 I/11, produced at a scale of 1:50,000;

An unnamed island at approximate latitude 66E37'25"N and approximate longitude 129E18'40"W;

and containing 0.5 square kilometres (approximately 0.2 square miles).

PARCEL 16

In the Northwest Territories;

- edition 1 of the Carcajou Lake NTS map sheet number 106 P/7, produced at a scale of 1:50,000;

Commencing at the point of intersection of the west bank of an unnamed lake with latitude 67E21'30"N at approximate longitude 128E34'04"W;

thence southerly along the bank of said lake to its intersection with the west bank of an unnamed stream at approximate latitude 67E20'58"N and approximate longitude 128E33'30"W;

thence southerly along the bank of said stream and chain of lakes to the intersection of the southwest bank of said stream with the northwest bank of another unnamed stream, at approximate latitude 67E18'07"N and approximate longitude 128E36'19"W;

thence due east to the east bank of the latter stream;

thence northeasterly and easterly along the bank of said stream to its intersection with an unnamed lake at approximate latitude 67E18'07"N and approximate longitude 128E34'24"W;

thence southerly along the bank of said lake to its intersection with longitude 128E33'40"W at approximate latitude 67E17'45"N;

- thence south in a straight line to the intersection of said longitude with the north bank of an unnamed lake at approximate latitude 67E17'04"N;
- thence southwesterly and southerly along the bank of said lake to its intersection with the west bank of an unnamed stream at approximate latitude 67E16'18"N and approximate longitude 128E32'41"W;
- thence southerly along the bank of said stream and chain of lakes to its intersection with latitude 67E15'25"N at approximate longitude 128E32'02"W;
- thence east in a straight line to the intersection of said latitude with the west bank of an unnamed stream at approximate longitude 128E31'00"W;
- thence southeasterly along the bank of said stream to its intersection with the west bank of an unnamed stream at approximate longitude 128E30'33"W and approximate latitude 67E15'18"N;
- thence southerly along the bank of said stream and chain of lakes to its intersection with longitude 128E30'00"W at approximate latitude 69E14'54"N;
- thence south in a straight line to the intersection of said longitude with the south bank of an unnamed stream at approximate latitude 67E11'10"N, excepting therefrom the bed of any lake being intersected by said longitude;
- thence southeasterly along the bank of said stream to its intersection with longitude 128E26'30"W at approximate latitude 67E10'16"N;
- thence south in a straight line to the intersection of said longitude with the south bank of an unnamed stream at approximate latitude 67E09'06"N;
- thence easterly along the bank of said stream to its intersection with latitude 67E08'45"N at approximate longitude 128E24'55"W;
- thence east in a straight line to the intersection of said latitude with the west bank of an unnamed stream at approximate longitude 128E18'20"W;
- thence southerly along the bank of said stream to its intersection with longitude 128E24'10"W at approximate latitude 67E03'27"N;
- thence south in a straight line to the intersection of said longitude with the north bank of an unnamed lake at approximate latitude 67E02'55"N;
- thence southwesterly along the bank of said lake to its intersection with latitude 67E02'30"N at approximate longitude 128E24'46"W;
- thence west in a straight line to the intersection of said latitude with the west bank of an unnamed stream at approximate longitude 128E27'56"W;
- thence southerly along the bank of said stream to its intersection with latitude 67E00'00"N at approximate longitude 128E26'14"W;
- thence east in a straight line to the intersection of said latitude with longitude 128E15'30"W, excepting therefrom the bed of any lake being intersected by said line;

- thence south in a straight line to the intersection of said longitude with latitude 66E56'00"N, excepting therefrom the bed of any lake being intersected by said longitude;
- thence southwesterly in a straight line to the intersection of longitude 128E24'15"W with latitude 66E50'00"N, excepting therefrom the bed of any lake being intersected by said line;
- thence south in a straight line to the intersection of said longitude with the north bank of an unnamed stream at approximate latitude 66E47'32"N;
- thence southwesterly along the bank of said stream and chain of lakes to a point situated due west from the intersection of the east bank of said stream with the south bank of another unnamed stream said point being situated at approximate latitude 66E44'54"N and approximate longitude 128E34'38"W;
- thence due east to said point of intersection;
- thence southerly along the bank of said stream and chain of lakes to its intersection with longitude 128E34'00"W at approximate latitude 66E43'21"N;
- thence south in a straight line to the intersection of said longitude with the northeast bank of an unnamed lake at approximate latitude 66E42'25"N, excepting therefrom the bed of any lake being intersected by said longitude;
- thence northwesterly along the bank of said lake to its intersection with the east bank of an unnamed stream at approximate latitude 66E42'32"N and approximate longitude 128E34'20"W;
- thence westerly and southerly along the bank of said stream and chain of lakes to its intersection with the southwest limit of a seismic line, said limit being perpendicularly distant 5 metres southwest of the centre line of said seismic line, at approximate latitude 66E40'07"N and approximate longitude 128E38'12"W;
- thence southwesterly along the limit of said seismic line to its intersection with longitude 128E33'30"W at approximate latitude 66E39'30"N;
- thence south in a straight line to the intersection of said longitude with the north bank of an unnamed lake at approximate latitude 66E35'56"N, excepting therefrom the bed of any lake being intersected by said longitude;
- thence southwesterly along the bank of said lake to its intersection with the west bank of an unnamed stream at approximate latitude 66E35'49"N and approximate longitude 128E33'41"W;
- thence southwesterly along the bank of said stream and chain of lakes to a point situated due north from the intersection of the south bank of said stream with the west bank of another unnamed stream, said point being situated at approximate latitude 66E35'20"N and approximate longitude 128E37'13"W;
- thence due south to said point of intersection;
- thence southerly along the bank of said stream to its intersection with latitude 66E35'05"N at approximate longitude 128E37'17"W;
- thence west in a straight line to the intersection of said latitude with the east bank of an unnamed stream at approximate longitude 128E39'02"W;

- thence northerly and westerly along the bank of said stream and an unnamed lake to its intersection with the east bank of the Loon River at approximate latitude 66E34'42"N and approximate longitude 128E42'27"W;
- thence northerly along the bank of said river to its intersection with latitude 66E34'50"N at approximate longitude 128E42'27"W;
- thence west in a straight line to the intersection of said latitude with the west bank of the Loon River at approximate latitude 128E42'31"W;
- thence southerly along the bank of said river to its intersection with longitude 128E47'00"W at approximate latitude 66E31'55"N;
- thence south in a straight line to the intersection of said longitude with the north bank of the Mackenzie River at approximate latitude 66E23'21"N, excepting therefrom the bed of any lake being intersected by said longitude;
- thence westerly and then northerly along the bank of river to its intersection with the southeast bank of an unnamed stream at approximate latitude 66E43'38"N and approximate longitude 129E35'20"W;
- thence northerly along the bank of said stream to its intersection with the south limit of a seismic line, said limit being perpendicularly distant 5 metres south of the centre line of said seismic line, at approximate latitude 66E46'43"N and approximate longitude 129E31'00"W;
- thence easterly along the limit of said seismic line to its intersection with longitude 129E27'15"W at approximate latitude 66E46'28"N;

thence easterly and northerly along the bank of said lake to its intersection with the southeast bank of an unnamed stream at approximate latitude 67E20'22"N and approximate longitude 128E48'53"W;

thence northeasterly along the bank of said stream to its intersection with the southwest bank of another unnamed stream at approximate latitude 67E20'31"N and approximate longitude 128E48'10"W;

thence due east to the northeast bank of said latter stream;

thence northwesterly and northerly along the bank of said stream and chain of lakes to its intersection with the west bank of an unnamed lake at approximate latitude 67E21'22"N and approximate longitude 128E48'35"W;

thence southerly and northerly along the bank of said lake to its intersection with latitude 67E21'20"N at approximate longitude 128E47'52"W;

thence east in a straight line to the intersection of said latitude with the east bank of an unnamed stream at approximate longitude 128E43'17"W;

thence northerly and easterly along the bank of said stream and chain of lakes to its intersection with latitude 67E21'30"N at approximate longitude 128E39'37"W;

thence east in a straight line to the point of commencement;

excluding therefrom parcel M4 as described in Schedule III; and

excluding therefrom the parcels of land described in land reserves 106I07016, 106I11001, 106I11003, 106I11004, 106I11006, 106I11007 and 106I14002 on file with the Land Resources Division, DIAND in Yellowknife;

subject to licence 085E01001 on file with the Land Resources Division, DIAND in Yellowknife; and

subject to the conditions as outlined in Schedule XVII, Appendix E;

and containing 2,178.7 square kilometres (approximately 841.2 square miles).

PARCEL 18

In the Northwest Territories;  
in the District of Mackenzie;

All that parcel of land being an island in the Mackenzie River more particularly described as follows, all topographic features hereinafter referred to being according to:

edition 2 of the Fort Good Hope NTS map sheet number 106 I/7, produced at a scale of 1:50,000;

An unnamed island at approximate latitude 66E26'42"N and approximate longitude 128E58'36"W;

and containing 0.5 square kilometres (approximately 0.2 square miles).

PARCEL 19

In the Northwest Territories;  
in the District of Mackenzie;

All that parcel of land being an island in the Mackenzie River more particularly described as follows, all topographic features hereinafter referred to being according to:

edition 2 of the Fort Good Hope NTS map sheet number 106 I/7, produced at a scale of 1:50,000;

An unnamed island at approximate latitude 66E25'00"N and approximate longitude 128E56'48"W;

and containing 4.9 square kilometres (approximately 1.9 square miles).

PARCEL 20

In the Northwest Territories;  
in the District of Mackenzie;

All that parcel of land being an island in the Mackenzie River more particularly described as follows, all topographic features hereinafter referred to being according to:

edition 2 of the Fort Good Hope NTS map sheet number 106 I/7, produced at a scale of 1:50,000;

An unnamed island at approximate latitude 66E24'36"N and approximate longitude 128E55'48"W;

and containing 0.5 square kilometres (approximately 0.2 square miles).

## PARCEL 21

In the Northwest Territories;  
in the District of Mackenzie;

All that parcel of land more particularly described as follows, all topographic features hereinafter referred to being according to:

edition 1 of the Tsintu River NTS map sheet number 106 I/2, produced at a scale of 1:50,000;

edition 1 of the unnamed NTS map sheet number 106 I/6, produced at a scale of 1:50,000;

edition 2 of the Fort Good Hope NTS map sheet number 106 I/7, produced at a scale of 1:50,000;

Commencing at the point of intersection of the southeast bank of an unnamed stream with the west bank of the Mackenzie River at approximate latitude 66E24'07"N and approximate longitude 128E58'40"W;

thence southerly along the bank of said river to its intersection with the northeast bank of an unnamed stream at approximate latitude 66E11'48"N and approximate longitude 128E55'21"W;

thence northwesterly along the bank of said stream and chain of lakes to its intersection with longitude 129E00'00"W at approximate latitude 66E12'46"N;

thence north in a straight line to the intersection of said longitude with the southeast limit of a seismic line, said limit being perpendicularly distant 5 metres southeast of the centre line of said seismic line, at approximate longitude 66E18'23"W, excepting therefrom the bed of any lake being intersected by said longitude;

thence northeasterly along the limit of said seismic line to its intersection with the southeast limit of another seismic line, said limit being perpendicularly distant 5 metres southeast of the centre line of said seismic line, at approximate latitude 66E19'24"N and approximate longitude 128E47'22"W;

thence northeasterly and easterly along the limit of said seismic line to its intersection with the southeast limit of another seismic line, said limit being perpendicularly distant 5 metres southeast of the centre line of said seismic line, at approximate latitude 66E19'30"N and approximate longitude 128E46'17"N;

thence northeasterly along the limit of said seismic line to its intersection with the east limit of another seismic line, said limit being perpendicularly distant 5 metres east of the centre line of said seismic line, at approximate latitude 66E19'31"N and approximate longitude 128E45'53"W;

thence northerly along the limit of said seismic line to its intersection with the north limit of another seismic line, said limit being perpendicularly distant 5 metres north of the centre line of said seismic line, at approximate latitude 66E20'28"N and approximate longitude 128E45'55"W;

thence northwesterly along the limit of said seismic line to its intersection with the northeast limit of another seismic line, said limit being perpendicularly distant 5 metres northeast of the centre line of said seismic line, at approximate latitude 66E20'32"N and approximate longitude 128E53'15"W;

thence northwesterly along said limit of said seismic line to its intersection with the southeast limit of another seismic line, said limit being perpendicularly distant 5 metres southeast of said seismic line, at approximate latitude 66E23'23"N and approximate longitude 129E02'01"W;

thence northeasterly along the limit of said seismic line to its intersection with the south bank of an unnamed stream at approximate latitude 66E23'28"N and approximate longitude 129E01'58"W;

thence northwesterly along the bank of said stream to the point of commencement;

excluding therefrom the parcels of land described as reserves 106I02006, 106I07017, 106I07029 and 106I07030 on file with the Land Resources Division, DIAND in Yellowknife;

and containing 183.6 square kilometres (approximately 70.9 square miles).

PARCEL 22

In the Northwest Territories;  
in the District of Mackenzie;

All that parcel of land being an island in the Mackenzie River more particularly described as follows, all topographic features hereinafter referred to being according to:

edition 2 of the Fort Good Hope NTS map sheet number 106 I/7, produced at a scale of 1:50,000;

Manitou Island at approximate latitude 66E16'30"N and approximate longitude 128E41'00"W;

and containing 8.3 square kilometres (approximately 3.2 square miles).

## PARCEL 23

In the Northwest Territories;

edition 2 of the unnamed NTS map sheet number 96 N/16, produced at a scale of 1:50,000;

Commencing at the point of intersection of the east bank of Anderson River with latitude 67E50'45"N at approximate longitude 124E43'53"W;

thence east in a straight line to the intersection of said latitude with the southeast bank of an unnamed stream at approximate longitude 124E39'39"W;

thence northeasterly along the bank of said stream and an unnamed lake and continuing along the southeast bank of an unnamed stream to its intersection with the south bank of an unnamed lake at approximate latitude 67E50'59"N and approximate longitude 124E39'02"W;

thence southeasterly along the bank of said lake and continuing along the southwest bank of an unnamed stream and connecting lake to its intersection with latitude 67E50'00"N at approximate longitude 124E37'01"W;

thence east in a straight line to the intersection of said latitude with the northwest bank of an unnamed lake at approximate longitude 124E33'35"W;

thence southerly along the bank of said lake to its intersection with the southwest bank of an unnamed stream at approximate latitude 67E48'38"N and approximate longitude 124E33'45"W;

thence southerly along the bank of said stream and continuing along the west bank of an unnamed lake to its intersection with longitude 124E32'30"W at approximate latitude 67E48'15"N;

thence south in a straight line to the intersection of said longitude with the north bank of an unnamed lake at approximate latitude 67E47'59"N;

thence westerly, southerly and easterly along the bank of said lake and continuing along the west bank of an unnamed stream and chain of lakes to its intersection with longitude 124E29'00"W at approximate latitude 67E46'50"N;

thence south in a straight line to the intersection of said longitude with the north bank of an unnamed lake at approximate latitude 67E45'26"N, excepting therefrom the bed of any lake being intersected by said longitude;

thence southerly along the bank of said lake and continuing easterly and southerly along the south bank of an unnamed stream and chain of lakes to its intersection with the northeast bank of Anderson River at approximate latitude 67E42'32"N and approximate longitude 124E28'35"W;

thence northwesterly along the bank of said river to the point of commencement;

and containing 68.6 square kilometres (approximately 26.5 square miles).

- thence south in a straight line to the intersection of said longitude with the north bank of an unnamed lake at approximate latitude 66E34'30"N;
- thence southerly along the bank of said lake and continuing southerly and westerly along the west bank of an unnamed stream and chain of lakes to the intersection of the north bank of said stream with the east bank of another unnamed stream, at approximate latitude 66E30'35"N and approximate longitude 125E38'45"W;
- thence due west from said point of intersection to the west bank of the latter stream;
- thence southerly along the bank of said stream and chain of lakes to its intersection with longitude 125E38'30"W at approximate latitude 66E29'14"N;
- thence south in a straight line to the intersection of said longitude with the north bank of an unnamed lake at approximate latitude 66E29'03"N;
- thence westerly and southerly along the bank of said lake and continuing southerly along the west bank of an unnamed stream and chain of lakes to its intersection with longitude 125E38'00"W at approximate latitude 66E26'11"N;
- thence south in a straight line to the intersection of said longitude with the north bank of an unnamed lake at approximate latitude 66E25'59"N;
- thence westerly and southeasterly along the bank of said lake to its intersection with longitude 125E41'00"W at approximate latitude 66E25'07"N;
- thence south in a straight line to the intersection of said longitude with the north bank of an unnamed lake at approximate latitude 66E21'08"N, excepting therefrom the bed of any lake being intersected by said longitude;
- thence westerly, southerly and southeasterly along the bank of said lake and continuing easterly along the south bank of an unnamed stream and chain of lakes to its intersection with longitude 125E30'00"W at approximate latitude 66E19'13"N;
- thence south in a straight line to the intersection of said longitude with the northeast bank of an unnamed stream at approximate latitude 66E15'30"N, excepting therefrom the bed of any lake being intersected by said longitude;
- thence northwesterly along the bank of said stream and chain of lakes to its intersection with the east bank of an unnamed lake at approximate latitude 66E17'03"N and approximate longitude 125E35'17"W;
- thence westerly and southerly along the bank of said lake to its intersection with longitude 125E36'00"W at approximate latitude 66E16'42"N;

- thence south in a straight line to the intersection of said longitude with the northeast bank of an unnamed stream at approximate latitude 66E14'29"N;
- thence northwesterly along the bank of said stream and chain of lakes to its intersection with longitude 125E39'00"W at approximate latitude 66E15'47"N;
- thence south in a straight line to the intersection of said longitude with the north bank of Hare Indian River at approximate latitude 66E05'49"N, excepting therefrom the bed of any lake being intersected by said longitude;
- thence westerly along the bank of said river to its intersection with east bank of an unnamed stream at approximate latitude 66E08'07"N and approximate longitude 126E03'07"W;
- thence northerly along the bank of said stream to a point situated due east from the intersection of the west bank of said stream with the north bank of another unnamed stream, said point being situated at approximate latitude 66E10'14"N and approximate longitude 126E02'17"W;
- thence due west to said point of intersection;
- thence northwesterly along the north bank of said stream to its intersection with latitude 66E11'00"N at approximate longitude 126E04'54"W;
- thence west in a straight line to the intersection of said latitude with the northeast bank of an unnamed lake at approximate longitude 126E06'56"W;
- thence northwesterly along the bank of said lake and continuing along the northeast bank of an unnamed stream and lake to the intersection of the north bank of said stream with longitude 126E11'00"W at approximate latitude 66E12'04"N;
- thence north in a straight line to the intersection of said longitude with the northeast bank of an unnamed stream at approximate latitude 66E13'13"N;
- thence northwesterly along the bank of said stream and chain of lakes to its intersection with latitude 66E15'00"N at approximate longitude 126E19'32"W;
- thence west in a straight line to the intersection of said latitude with the northeast bank of an unnamed stream, at approximate longitude 126E21'42"W;
- thence northwesterly along the bank of said stream to its intersection with the east bank of Hare Indian River at approximate latitude 66E16'11"N and approximate longitude 126E24'58"W;
- thence northerly along the bank of said river to its intersection with the southeast bank of an unnamed stream at approximate latitude 66E23'19"N and approximate longitude 126E18'47"W;
- thence northerly along the bank of said stream to its intersection with longitude 126E18'00"W at approximate latitude 66E23'52"N;
- thence north in a straight line to the intersection of said longitude with the north bank of an unnamed stream at approximate latitude 66E29'30"N;
- thence westerly along the bank of said stream and an unnamed lake to its intersection with latitude 66E29'30"N at approximate longitude 126E22'11"W;

- thence west in a straight line to the intersection of said latitude with the east bank of an unnamed lake at approximate longitude 126E24'16"W;
- thence westerly along the north bank of said lake and continuing along the north bank of an unnamed stream and chain of lakes to its intersection with longitude 126E30'00"W at approximate latitude 66E28'53"N;
- thence north in a straight line to the intersection of said longitude with the north bank of an unnamed stream at approximate latitude 66E37'41"N, excepting therefrom the bed of any lake being intersected by said longitude;
- thence westerly along the bank of said stream to its intersection with the east bank of an unnamed lake at approximate latitude 66E37'38"N and approximate longitude 126E30'26"W;
- thence northwesterly along the bank of said lake to its intersection with longitude 126E30'45"W at approximate latitude 66E37'41"N;
- thence north in a straight line to the intersection of said longitude with the south bank of an unnamed lake at approximate latitude 66E40'40"N, excepting therefrom the bed of any lake being intersected by said longitude;
- thence easterly, northerly and westerly along the bank of said lake to its intersection with longitude 126E30'00"W at approximate latitude 66E41'50"N;
- thence north in a straight line to the intersection of said longitude with the southeast corner of section 7, Grid Area 66E50'N, 126E30'W, said section and grid area being according to the Canada Oil and Gas Land Regulations, excepting therefrom the bed of any lake being intersected by said longitude;
- thence west in a straight line to the southwest corner of section 37 in said grid area, said corner being situated at approximate latitude 66E46'00"N and longitude 126E37'30"W;
- thence west in a straight line to the intersection of latitude 66E46'00"N with longitude 126E42'00"W;
- thence north in a straight line to the intersection of said longitude with the east limit of a seismic line, said limit being perpendicularly distant 5 metres east of the centre line of said seismic line, at approximate latitude 66E52'25"N, excepting therefrom the bed of any lake being intersected by said longitude;
- thence northerly along the limit of said seismic line to its intersection with latitude 66E56'00"N at approximate longitude 126E39'52"W, excepting therefrom the bed of any lake being intersected by said limit;
- thence east in a straight line to the intersection of said latitude with the west bank of an unnamed lake at approximate longitude 126E35'46"W;
- thence southerly, easterly and northerly along the bank of said lake to its intersection with the south bank of an unnamed stream at approximate latitude 66E56'06"N and approximate longitude 126E33'13"W;
- thence easterly along the bank of said stream to its intersection with the southeast limit of a seismic line, said limit being perpendicularly distant 5 metres southeast of the centre line of said seismic line, at approximate latitude 66E56'05"N and approximate longitude 126E31'40"W;
- thence northeasterly along the limit of said seismic line to its intersection with longitude 126E30'00"W at approximate latitude 66E56'50"N;

thence north in a straight line to the point of commencement, excepting therefrom the bed of any lake being intersected by said line;

excluding therefrom parcels M10, M11, M12, M13, M14, M15, M16, M17, M18, M19, M20, M21 and M22 as described in Schedule III; and

excluding therefrom the parcels of land described in leases 096K13001, 096K13002 and 096L09001 on file with the Land Resources Division, DIAND in Yellowknife;

and containing 3,522.4 square kilometres (approximately 1,360.0 square miles).

edition 1 of the unnamed NTS map sheet number 96 L/6, produced at a scale of 1:50,000;

Commencing at the point of intersection of the south bank of Hare Indian River with longitude 127E12'30"W at approximate latitude 66E19'50"N;

thence south in a straight line to the intersection of said longitude with the north bank of an unnamed stream at approximate latitude 66E12'27"N, excepting therefrom the bed of any lake being intersected by said longitude;

thence westerly along the bank of said stream to a point situated due north from the point of intersection of the south bank of said stream with the southwest bank of another unnamed stream, said point being situated at approximate latitude 66E12'28"N and approximate longitude 127E16'10"W;

thence due south to said point of intersection;

thence southerly along the southwest bank of said stream to its intersection with longitude 127E15'00"W at approximate latitude 66E11'17"N;

thence south in a straight line to the intersection of said longitude with the northwest bank of an unnamed lake at approximate latitude 66E10'45"N;

thence southerly along the bank of said lake, and continuing along the west bank of an unnamed stream and chain of lakes to its intersection with latitude 66E06'00"N at approximate longitude 127E13'33"W;

thence west in a straight line to the intersection of said latitude with the northeast bank of an unnamed stream at approximate longitude 127E17'24"W;

thence westerly along the bank of said stream to its intersection with longitude 127E20'00"W at approximate latitude 66E06'29"N;

thence south in a straight line to the intersection of said longitude with the north bank of an unnamed stream at approximate latitude 66E02'44"N;

thence westerly along the bank of said stream to its intersection with the northeast bank of an unnamed stream at approximate latitude 66E02'41"N and approximate longitude 127E23'53"W;

thence due south to the southwest bank of said stream;

thence southeasterly along the bank of said stream and continuing along the southwest bank of Sam McRae Lake, the west bank of an unnamed stream, and the west bank of Turton Lake to its intersection with the north bank of an unnamed stream, at approximate latitude 65E53'30"N and approximate longitude 127E01'02"W;

thence southwesterly along the bank of said stream to its intersection with longitude 127E08'00"W at approximate latitude 65E52'20"N;

thence north in a straight line to the intersection of said longitude with the northeast bank of an unnamed stream at approximate latitude 65E53'20"N;

thence northwesterly along the bank of said stream to its intersection with the east bank of another unnamed stream at approximate latitude 65E54'00"N and approximate longitude 127E08'59"W;

thence due west to the northwest bank of said latter stream;

thence southwesterly along the bank of said stream to a point situated due north from the intersection of the south bank of said stream with the west bank of another unnamed stream, said point being situated at approximate latitude 65E53'40"N and approximate longitude 127E10'41"W;

thence northwesterly in a straight line to the intersection of the east bank of an unnamed stream with latitude 66E00'00"N at approximate longitude 127E31'47"W;

thence northwesterly along the bank of said stream to its intersection with the east bank of an unnamed stream, at approximate latitude 66E00'30"N and approximate longitude 127E32'43"W;

thence due west to the west bank of said stream;

thence southwesterly, northwesterly and northeasterly along the bank of said stream to its intersection with longitude 127E38'00"W at approximate latitude 66E04'45"N;

thence northeasterly in a straight line to the intersection of latitude 66E15'00"N with longitude 127E30'00"W;

thence northeasterly in a straight line to the intersection of latitude 66E19'25"N with the east bank of an unnamed stream at approximate longitude 127E23'04"W;

thence easterly along the bank of said river to its intersection with the southwest bank of Hare Indian River at approximate latitude 66E19'53"N and approximate longitude 127E21'13"W;

thence easterly along the bank of said river to the point of commencement;

and containing 570.8 square kilometres (approximately 220.4 square miles).

edition 1 of the Mount St. Charles NTS map sheet number 96 F/2, produced at a scale of 1:50,000;

An unnamed island at approximate latitude 65E00'35"N and approximate longitude 124E45'00"W;

and containing 0.6 square kilometres (approximately 0.2 square miles).

## PARCEL 53

In the Northwest Territories;  
in the District of Mackenzie;

All that parcel of land more particularly described as follows, all topographic features hereinafter referred to being according to:

edition 2 of the St Charles Creek NTS map sheet number 96 C/15, produced at a scale of 1:50,000;

edition 1 of the Mount St. Charles NTS map sheet number 96 F/2, produced at a scale of 1:50,000;

Commencing at the point of intersection of the southeast bank of Great Bear River with longitude 124E44'15"W at approximate latitude 65E00'25"N;

thence northeasterly along the bank of said river to a point on the bank being situated on a bearing of 310E24'50" from the intersection of the north bank of an unnamed stream with the centre line of a cut line at approximate latitude 65E01'12"N and approximate longitude 124E42'30"W, said point being situated at approximate latitude 65E01'20"N and approximate longitude 124E42'58"W;

thence on a bearing of 130E24'50" and an approximate distance of 450 metres to said intersection;

thence on a bearing of 40E24'50" and an approximate distance of 520 metres to the intersection of the southeast limit of an unnamed road, said limit being perpendicularly distant 30 metres southeast of the centre line of said road, at approximate latitude 65E01'24"N and approximate longitude 124E42'06"W;;

thence easterly along the limit of said road to its intersection with the northwest limit of Fort Franklin Winter Road, said limit being perpendicularly distant 30 metres northwest of the centre line of said road, at approximate latitude 65E01'23"N and approximate longitude 124E40'10"W;

thence southwesterly along the limit of said road to its intersection with longitude 124E43'45"W at approximate latitude 64E59'45"N;

thence north in a straight line to the intersection of said longitude with latitude 65E00'15"N;

thence northwesterly in a straight line to the point of commencement, excepting therefrom the bed of any lake being intersected by said line;

said bearings being derived from Plan 56900 C.L.S.R., LTO 693;

excluding therefrom the parcels of land described as reserve 096F02002 and 096F02006 on file with the Land Resources Division, DIAND in Yellowknife;

subject to the easement as set out in Schedule XIX, Appendix E;

and containing 4.7 square kilometres (approximately 1.8 square miles).

For greater certainty, the parcel is meant to include a building owned by the Fort Franklin Development Corporation, said building being situated near the intersection of two cut lines at approximate latitude 65E01'14"N and approximate longitude 124E42'46"W.
